

Show Results Submission Instructions

Show Results for each show must be submitted to the IMZA for sanctioning. This can be done by submitting an official show program with the placings and championships indicated. The program or form must be signed by the officiating judge and show secretary. The completed form or program along with show photos are to be mailed or emailed to the IMZA Show Administrator.

Show photos should be taken with the award in the photo with the animal. Label photos with the animals registration number, name, and date of show.
